

DOMAINE MARC KREYDENWEISS

KRITT PINOT BLANC

THE ESTATE: The Domaine Marc Kreydenweiss produces biodynamic wines in Alsace and in the Rhone Valley. The winery has been certified since 1989. Today, Kreydenweiss farms a little less than 30 acres of vineyards in Alsace, which include portions of 3 Grand Cru vineyards: Kastelberg, Moenchberg, and Weibelsberg. Riesling, Pinot Gris, and Pinot Blanc dominate the plantings, but Kreydenweiss has other varieties planted, included a small plot of Chardonnay.

OVERVIEW: A type of Burgundy that, due to the fullness of this grape variety, is harvested when almost ultra ripe

LOCATION: Situated on a semi-hilly area with solifluction deposits

PRODUCTION AREA: 258 ares

SOIL: Kritt is a terroir that is ferruginous, extremely rocky, and complex

THE VINES: 100% Pinot Blanc; average age of the vines is about 25 years

VINIFICATION: The vinification is traditional in ancestral (80-100 years old) oak barrels for 10 months

ANNUAL PRODUCTION: 1,400 cases

TASTING NOTES: Aromas of over-ripe pears (Williams, mirabelle, and green gage pears); excellent concentration in the mouth; the delicacy is backed up by the minerality of this wine

CELLARING POTENTIAL: 5 years
