

DIEGO CONTERNO

LANGHE NASCETTA DOC

Overview: Nascetta is the only real indigenous white grape vine from Langhe! Bright and brilliant, Nascetta has a very personal nature: the scents of white flowers and citrus and fruity aromas signal a wine with good structure and great freshness of flavor with a slightly bitter finish. Ideal for immediate consumption with fish or white meat, but also has excellent cellaring potential. Its longevity allows long aging in the bottle with interesting evolutions in flavor.

Grape Varietal: 100% Nascetta

Exposure: West of the town of Monforte d'Alba, on a hill about 400 meters above sea level

Soil: Medium texture clay with tuff and limestone marl

Harvest: Manual, with selection in the vineyard at the end of September to the beginning of October

Aging: 6 months in steel barrels

Tasting Notes: This wine fully expresses the characteristics of its indigenous landscape. The color is a brilliant bright yellow. The savory and mineral flavors on the palate are accompanied by a fine and elegant fragrance.
